

Important Notice

From the Principal:

Nationally Consistent Collection of Data for
School Students with Disability

www.deewr.gov.au/students-disability

Our school is part of a national project about students with disability and/or learning difficulties. We have been asked to provide data about the number and learning needs of children at our school. The name of the school and the name of students will not be reported. Information about the different types of needs and the programs and resources the school uses to overcome barriers and support children with special educational needs will be collected.

We believe it is important to contribute to this because it will help Governments and the Department develop better policies that acknowledge the level of resources needed in schools to meet the needs of all students in Western Australia.

If you do not want your child/ren to be included please sign the form provided by the school and return it to the school. I will make sure we don't include them in the information we provide to the Commonwealth.

If you would like to learn more about the Nationally Consistent Collection of Data for School Students with Disability you can visit the [website](http://deewr.gov.au/students-disability).
